Genre : Action, Drama, Romance, Thriller. Director: Sukumar. Writer : Surender Kumar U rajinikanth plays the part of a scientist in charge of developing the technology for a flying saucer. He discovers that the technology is already being used in some other countries. It was in the year 2011 when Rajini and Aishwarya took to twitter to announce the official release date. The director was an old pal of the actor from the "Thiruda Thirudi" days. The movie had a delayed release. It was finally released on 31. It was a box office hit and was appreciated by the audience. The hero took to Twitter to thank the audience. "Thiruda Thirudi" was the film before. It was a success and the following year we had "U". The trailer is amazing and it looks fabulous. This will be the first time that he plays a typical scientist. And the cast looks good. I can't wait to see how the movie will turn out.The Problem Solver's Guide to House Repair Checklist Homeowners often overlook a variety of repairs before accepting that the home is in need of renovation. It can be time consuming to work out the problem and find a solution. Our experts created this guide to help you through it. "It's a place to call home, but your home isn't a place to call home if you're paying too much for repairs."—U.S. Department of Housing and Urban Development, Government webpage "It's a place to call home, but your home isn't a place to call home if you're paying too much for repairs."—U 82157476af
